## Composite Decking

**TAMKO**

[evergrain.com](http://evergrain.com)

*EverGrain<sup>®</sup> decking. Compression molded composite decking featuring an incredibly true-to-life, deep lasting grain!<sup>1</sup> Designed for those who love the natural look of real wood with low maintenance. EverGrain decking requires no staining or painting and is available in nine beautiful colors<sup>2</sup> to perfectly complement any home.*

*EverGrain now features even deeper colors and enhanced weathering characteristics, making it a more attractive choice than ever.*

## Decking Features & Benefits

- Deep lasting, wood-like grain<sup>1</sup>
- Beautiful, natural look created by multiple grain patterns
- Available in nine natural colors<sup>2</sup>
- The Vibrance Collection<sup>®</sup> features color highlights that emulate the textures and natural color variations of real wood
- Coordinating extruded skirting without color highlights provides a professional finished look
- Low maintenance material saves time and money
- No need for painting or staining
- 25-year limited warranty<sup>3</sup> against rotting, splintering, splitting and termite damage
- Easy installation<sup>3</sup> with common tools and fasteners
- Minimal moisture absorption
- Contains recycled material
- Building code approved:<sup>4</sup> ICC-ESR-1625
- Ideal alternative to wood for dock applications

### Classic Collection Colors

### Vibrance Collection<sup>®</sup> Colors

<sup>1</sup> To fully appreciate the variety of wood grain patterns in EverGrain decking, view several full-length boards.

<sup>2</sup> Representation of these colors is as accurate as our printing will permit. As with any composite product, color variations will occur. View several full-length pieces of material prior to final color selection and installation. Color of material will usually weather to a lighter shade within the first 12 weeks of exposure to the environment. Color selection may vary across profiles.

<sup>3</sup> To obtain a copy of the limited warranty or product installation instructions, visit [evergrain.com](http://evergrain.com) or call 1-800-641-4691.

<sup>4</sup> Refer to code reports on [evergrain.com](http://evergrain.com) for product details.

## TAMKO® Railing Systems Add the Ultimate Finishing Touch

Our four coordinating railing systems lend themselves to endless customization options and creativity. They're made of durable composite materials that are just as easy to care for as EverGrain® decking.

### Designer Railing System

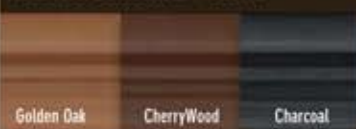

- Extruded hand rail, universal top and bottom rails and patented oval balusters
- Available in 6' straight rail and stair rail kits along with baluster kits and post sleeve kits
- Accommodates 36" or 42" railing heights
- Injection molded post cap and post ring

#### Classic Collection Colors

#### Vibrance Collection® Colors

### Traditional Railing System

- Compression molded 2 x 6 hand rail, 2 x 4 extruded side rails and extruded square balusters
- Wood posts can be wrapped with skirting for a completed look

#### Compression Molded 2 x 6

#### Extruded 2 x 4

### 2 x 4 Traditional Railing System

- Extruded 2 x 4 hand rail, 2 x 4 side rails, post sleeve and square balusters
- Injection molded post ring and post cap

#### Extruded 2 x 4

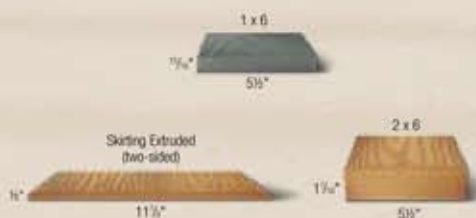

### TAM-RAIL® Railing Systems

- Patented triple-layer design provides excellent strength
- Features post mount kit for application flexibility
- Square or colonial balusters and prepackaged straight or stair kits
- Quick and easy installation
- Available in White

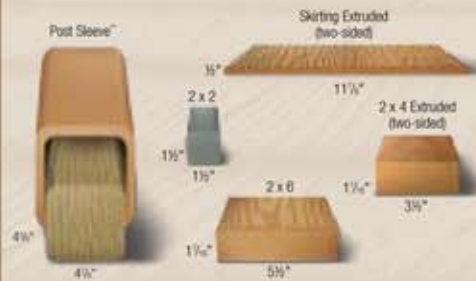

## Decking Profiles

## Designer Railing Profiles

## Traditional Railing Profiles

## Decking Profiles
